

# ALLinONE Solution

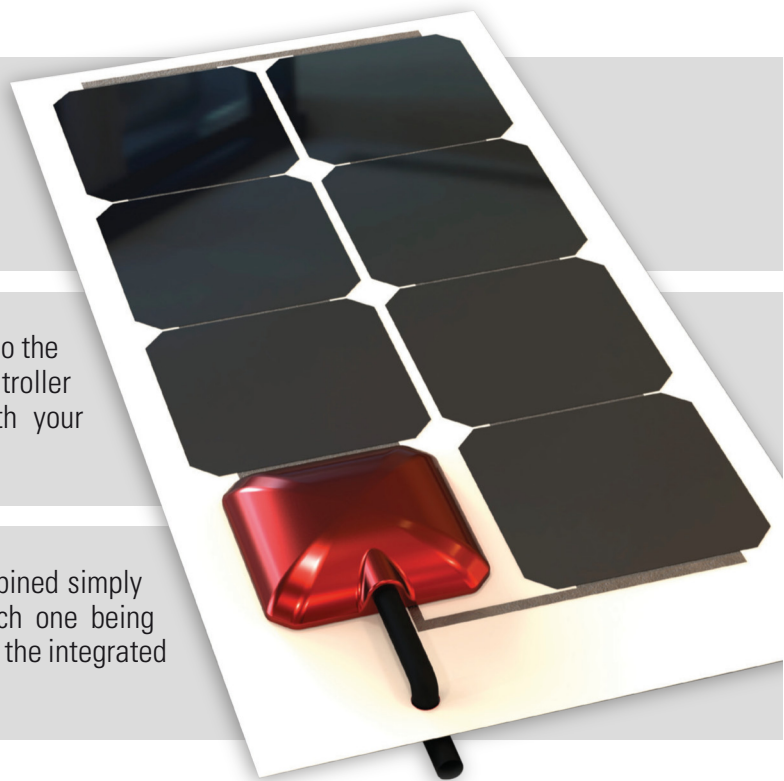

It's never been  
*so easy to get the most*  
from solar cells

Just connect the output cable to your battery.

Solar panel and charge controller. To make solar energy simpler, suitable for the enthusiast as well as the professional user.

All the electronics you need are already packed into the rugged waterproof box: a sophisticated MPPT controller capable of boosting the voltage to match with your battery pack.

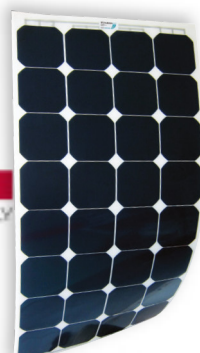

With the **ALLinONE** solution, panels can be combined simply by connecting them directly to your battery, each one being completely independent from the others, thanks to the integrated charge controller.

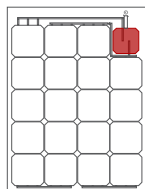

**SOLBIAN**  
FREEDOM POWERED BY THE SUN
